Description of Service:

The Service supports satellite earth station transmission to or reception from a satellite of television signals, 4 to 24 consecutive hours a day, 7 days a week.

Description of Tariff:

See Annex A for rates table

Effective Date of Tariff:

1 June 2013

Revision History

First publication on 1 June 2013

Annex A - Price for International Satellite Television Full Time Service

Transmission (or Reception) of a television signal to a satellite:

Nature	9Mbps & Below	12Mbps	15Mbps	18Mbps	21Mbps	45Mbps
Transmission	14,853	17,150	19,175	21,005	22,500	25,000
Reception	6,803	7,855	8,782	9,621	10,450	12,000

Notes:

1. The above offers only cover the satellite ground station transmission or reception service in Hong Kong and do not cover any satellite capacity. Satellite capacity can be provided on case-by-case basis.
2. The data rate (in Mbps) shown is the satellite carrier data rate.
3. For data rate higher than 45Mbps, it would be handled on case-by-case basis.
4. Customers may order for a turnaround service (i.e. receiving a television signal from a satellite and transmission of the same signal to another satellite). In such case, the price will be the sum of the prices for the satellite reception and transmission of the television signal as listed in the price tables above.
5. The above offer does not include any communication circuits that are required to deliver the television signal between the satellite earth station and the customer site.
6. All prices are specified in USD, and are monthly recurring.
7. Tax is not included.
8. The Service offers shall be subject to feasibility study and capacity availability at time of order.
9. The offer is for minimum commitment period of one year.
10. One time service setup charge of USD 5,000 shall apply for each service order.
11. Service under relevant service plan(s) is subject to applicable terms and conditions (as amended from time to time) set out in the service agreement(s) as agreed between the Company and the customer.
